

## **BUSINESS DEVELOPMENT & PRODUCT STRATEGY – INTERNSHIP**

### **About Us**

Parcellly is a new smartphone based service allowing consumers to collect their online purchases and parcels close to home, work, or wherever is most convenient for them. Launched in December 2014, our award winning solution operates today a network of more than 750+ parcel collection points in the United Kingdom and the U.S. and we are growing every day, so this is a hugely exciting time to join!

### **The Role**

This is a 6 months internship (part- or full-time), based in Hamburg for an entrepreneurial, tech-savvy, smart and passionate business or engineering student.

### **Your role will involve a variety of different responsibilities including:**

- Assist to develop test plans, test procedures, requirements traceability and test reports as well as test flow and test case design and implementation.
- Partnering with the engineering team to document testing issues and problems. Perform analysis of test results.
- Present test strategies, plans and results to internal stakeholders.
- Support the development team with their responsibilities from the initial design phase, through first article build and test and field installations.
- Supporting other types of quality targets such as performance, load and stress testing.
- Assisting with the company database.

We are based in Hamburg, Haferweg 38, 22769 HH and London, Interchange, Triangle, Camden Market, the platform for creators and one of London's most exciting startup communities.

### **About You**

Undergraduate or graduate of related degree, e.g. Engineering or Business administration

- Good English (spoken) required
- Good organizational effectiveness and communication skills
- Technically minded and keen to learn more about testing tools and processes
- Development and/or testing experience on iOS or Android would be good, but not necessary

### **What We Offer**

- Working for "one of the most innovative startups in B2C delivery", awarded numerous times ([www.parcellly.com/about](http://www.parcellly.com/about)) with plenty of scope for personal development.
- Work alongside the founding team, the role is focused on supporting in all elements of the growth strategy and to get involved in the design, build and roll out of the next batch of our service and product development.
- For the right candidates there are also several full time roles available.

**Role based on up to 40hrs/week, salary + travel expenses plus incentives and bonuses. Internship starting immediately and we recruit all year round.**

**To apply, please send us your CV and tell us briefly why you want to work with us: [careers@parcellly.com](mailto:careers@parcellly.com)**
